

Create a Free Apple ID

You'll need an Apple ID to install DCFS apps (other than the SACWIS app) on your iPhone. We recommend that you create a new Apple ID tied to your state Email address. To quickly create an Apple ID with no required credit card information, follow these steps:

1. Click [APPLE ID](#) from a laptop
2. Click **Create Your Apple ID**

3. Enter all required information; including security questions/answers

A screenshot of the 'Create Your Apple ID' form on the Apple ID website. The form is titled 'Create Your Apple ID' and includes the text 'One Apple ID is all you need to access all Apple services. Already have an Apple ID? Find it here >'. The form fields are: 'name@example.com' (with a help icon), 'password', 'confirm password', 'first name' and 'last name' (separate fields), 'birthday' (with a help icon), 'Security Question 1' (a dropdown menu), and 'answer'. The form is set against a dark background with a blurred image of people.

Security Question 2

answer

Security Question 3

answer

These questions will be used to verify your identity and recover your password if you ever forget it.

- Uncheck boxes for Apple Announcements, Store Offers and Updates
- Enter the displayed security code and click **Continue**
- Open Apple's verification email. Enter the verification code in the window and click **Verify**

From: Apple [<mailto:appleid@apple.com>]
Sent: Thursday, July 21, 2016 11:41 AM
To: Test, Desktop
Subject: Verify your Apple ID email address

You have selected desktop.test@illinois.gov as your new Apple ID. To verify this email address belongs to you, enter the code below on the email verification page:

331401

This code will expire three hours after this email was sent.

Why you received this email.

Apple requires verification whenever an email address is selected as an Apple ID. Your Apple ID cannot be used until you verify it.

If you did not make this request, you can ignore this email. No Apple ID will be created without verification.
